

SEIKOH GIKEN

"Global Solutions in Optical Precision"

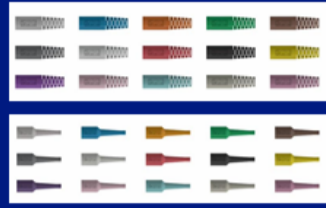

OFC 2019 - Pre-Show Product Showcase - February '19

Gold Standard Series New Aggressive Pricing

Singlemode, Multimode and Duplex formats

Expanded color range of strain relief boots for multiple cable formats

* Low Loss:
SM \leq 0.2dB, MM \leq 0.3dB

* Return Loss:
UPC \geq 55dB, APC \geq 65dB

[Data Sheet](#)

Safety Connector Series

- Auto Safety & Dust-proof
- Works with the standard SC patchcord
- Long life protection against high power outlet

[Data Sheet](#)

LC Duplex Adapter with optional Shutter

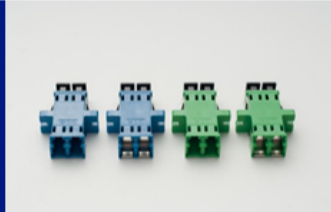

* Compatible with IEC 61754-20 and TIA/EIA-604-10A

* Insertion loss \leq 0.2dB

* Can be installed using the same footprint as standard SC adapters

* Available with internal Automatic Safe Shutter for eye protection

* Short flanges are available for high density installations

[Data Sheet](#)

Eye Safe Shutter Panel Adapter Series

LC & MPO Adapter with optional Shutter

- LC & MPO panel footprint
- Short flanges are available
- SM and MM application

LC IntelliCross UniBoot Duplex Connector for NextGen HyperScale Racks

~ patent pending design ~

* Fast and Easy polarity change - A/B changes at rack

No special tools required

* Fast and Easy polishing - No Disassembly require

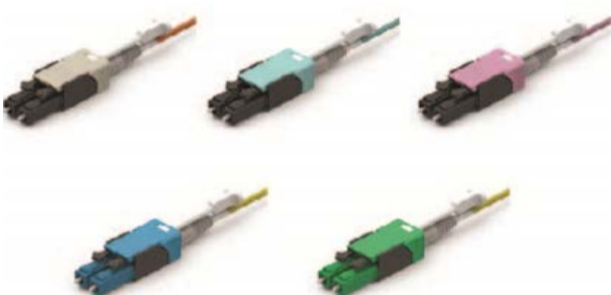

Both PC and APC Duplex connector

* Push-Pull Tab for High density, Low Profile cabinets

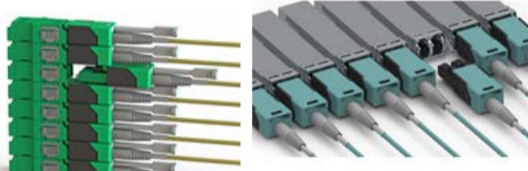

UniBoot design for easy cable management

* Applicable cable: ϕ 0.9mm, ϕ 2mm & ϕ 3mm cables

- Variety of Colors -

- Compact design for High-dense Installation -

SFP-560A Next-Gen Polishing Machine - Now In Stock!

Programmable Active-Link Electro-Pneumatic Pressure System

IPC Mode(Pat.) - Independent Pressure Control - Turntable automatically raises / lowers to achieve optimum distance of 5.50mm from fixture bottom.

DPC Mode(Pat.) - Dynamic Pressure Control - For fixed length polishing such as MT/MPO ferrules, Multi-Fiber arrays & Waveguides fixtures.

Open Workspace Design - Provides creative handling solutions for Large O.D. Trunk and OSP Rigid Cables applications.

[Data Sheet](#)

SFP-550 / SFP-510 Compatible Polishers One-Touch "Quick Load" MT/MPO Fixtures

~ patent pending technology ~

• Single lever action installs MT ferrule -

• Approx. 30-50% reduction in installation time

• Up to 24 Ferrules / PC or APC

- No expensive tools or skills required -

PH55-MT-24SQ1-B - MT/PC - for SFP-550 series

PH51-MT-24SQ1-B - MT/PC - for SFP-510 series

[Data Sheet](#)

Marathon[™] Brand Ultra Premium Diamond & SiO₂ Finish Polishing Films

- Cost savings thru longer service life - Up to 20x
- Stable fiber height over use of film life
- Stable grinding force over use of film life
- Scratch free polishing
- Easy cleaning using only purified water
- Designed to provide GR-326 endface geometry
- Lasts up to 20x longer than other market brands

[Data Sheet](#)

Mid-size MT Polishing Machine is Now Available

~ SFP-70D-MT ~

* Polish MT Ferrule from 1 to 6 pcs. in under 5min.

* Same performance as SFP-550C with consistent geometry.

* Suitable for small quantity production and re-working at larger stations.

* Full 4 step Flock Polishing Process for hi fiber height.

[Data Sheet](#)

FerrulePro 2.0 Bench-Top Fiber Cleaner

* SPR-2 achieves twice as fast cleaning speed

* Cleaning time per connector is reduced to 1.5 sec.

* Efficient, quick, consistent cleaning results - no training

* Compatible with all existing Holding Chucks and Cassette

* Easy ROI with new lower introductory pricing

* Long-life replaceable cassettes - Up to 10K cycles

Variety of Chucks available
